A/B TEST IDEAS

01

Test 1: Display Free Starter Plan As A Visible Pricing Card

- Making the free tier a visible card alongside paid plans will reduce entry friction and increase sign ups, creating a natural upgrade path as users grow dependent on the product

02

Test 2: Add Star Ratings Above The Fold

- Displaying star ratings above the headline will increase trust before the user sees any pricing

03

Test 3: Show Dollar Savings Per Plan On Pricing Cards

- Showing the exact dollar amount saved annually per plan will increase upgrades from monthly to annual billing

04

Test 4: Add an FAQ Section

- Adding FAQs addressing billing and cancellation questions will reduce purchase hesitation and increase conversions

05

Test 5: Make Comparison Table Header Sticky

- Keeping plan names visible while scrolling the comparison table will reduce friction for users evaluating features across plans
